

Nestable Pallets for Picking

Save on transportation, handling and storage costs with our heavy-duty, robust and nestable plastic pallets.

The 145 Nestable Pallet

These durable, heavy-duty, nestable plastic pallets feature unique deck locking system for all plastic crates, anti-slip rubbers with perimeter guides for cardboard cases and non-slip inserts that prevent movement on forklift tines.

Its robust design results in significantly reduced damage rates and its useful nestable feature enables **1,040 empty pallets to fit in one truck, saving up to ⅔ of vehicle and storage space.**

Dimensions	(L) 1,200 x (W) 1,000 x (H) 145 / 162 mm
Weight	14 kg
Load Capacity	Static: 2,000 kg Dynamic: 1,000 kg
Traceability	IoT-enabled

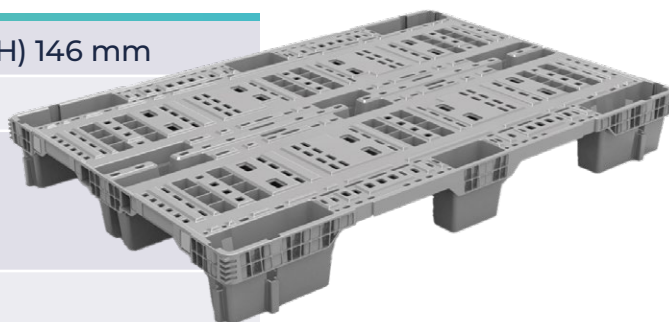

The RAN3 Pallet

The only nestable AND rackable pallet that can rack up to 1,250 kg, this palette is ideal for high bay warehouse use.

The RAN3's innovative configuration helps you **save up to 66% on transportation and storage space** whilst significantly reducing damage rates compared to standard plastic pallets.

Ideal for use as a 'pick pallet', compatible with any delivery process requirements.

Dimensions	(L) 1,200 x (W) 800 x (H) 146 mm
Weight	12 kg
Load Capacity	Static: 5,000 kg Dynamic: 2,500 kg Racking: 1,500 kg
Traceability	IoT-enabled
