

Digipal 5S – 5 Skid pallet

Product Specification

Description

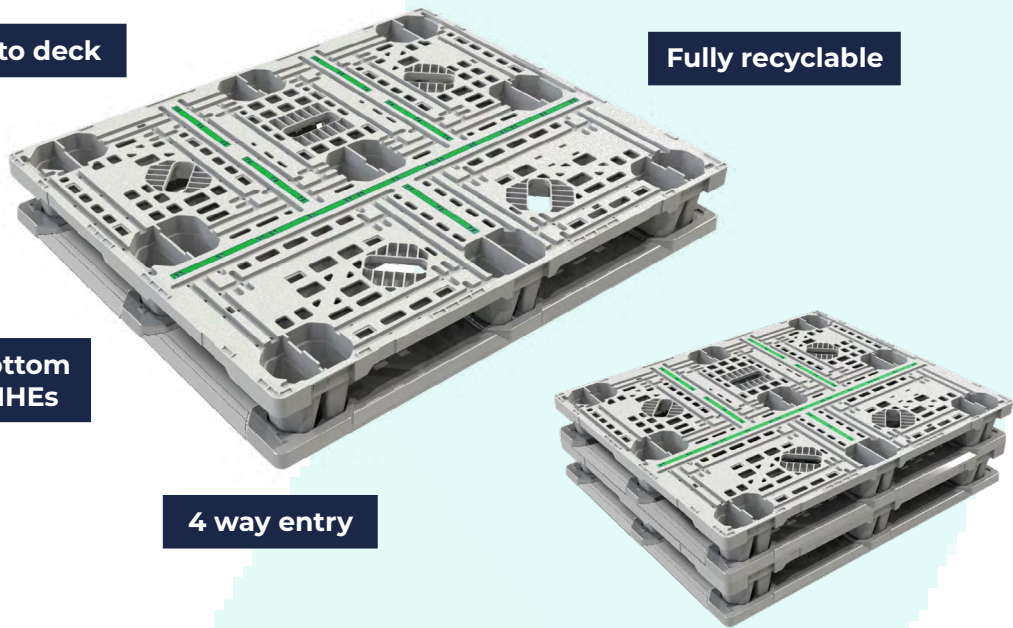

The Digipal 5S is a lightweight yet robust reusable plastic pooling pallet. Weighing just 18.8kgs it offers an environmentally friendly solution whilst saving costs in your supply chain. It is compatible with all equipment types and with 5 skids, it allows customers to double stack pallets and run them on conveyors, chains and gravity fed racking.

Trays locked into deck

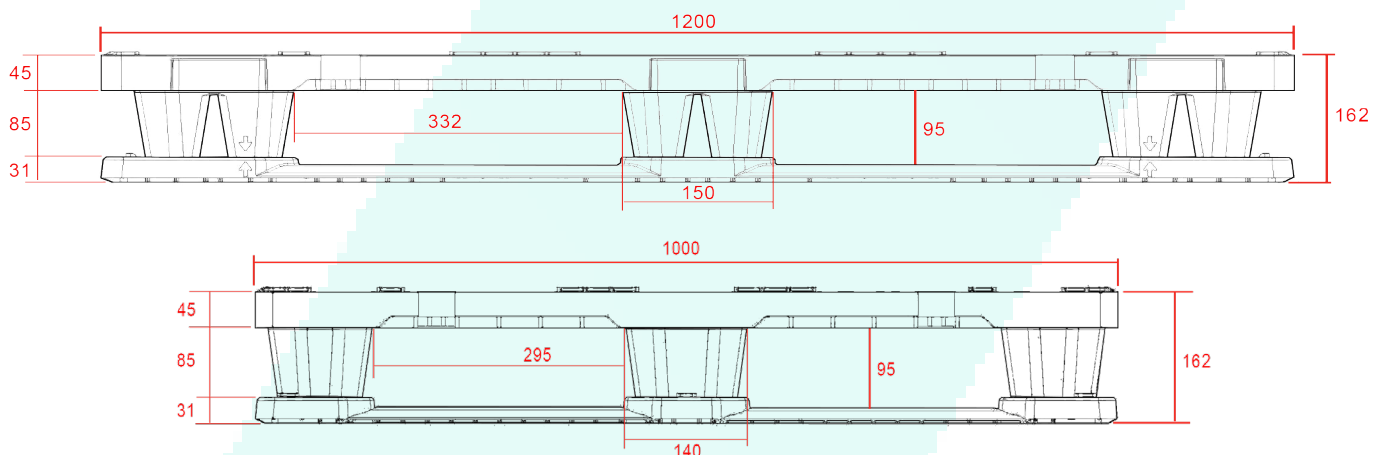

Fully recyclable

Anti slip at bottom of deck for MHEs
